**Subject:** RE: JDE FOE menu options

On EQ.
After taking EAH… from your 1st JDE menu enter "PJT" and press <ENTER>
Take option <21 – Flexible Order Entry> .. it will start up Internet Explorer and prompt you to Sign-on ..

SELECT the HSC QA environment .. enter you AS400 user id and password for the EQ system.

For EQ testing .. the folder for the spreadsheet is: \\usnymefs01\corpshare\FOE Data QA\

Please make sure you have access to this ..

Let me know if you need any help.
Andy
